

SERIOUS HEAD PROTECTION

**MIRROR SHIELD**

**⚠ IMPORTANT.**

**Read this notice before placing the Mirror Shield on your helmet!**

**DIRECTIONS FOR USE**

Shield made from polycarbonate – can be seriously damaged by many common substances including gasoline, solvents, paints and adhesives without damages being visible to the user. Not warranted shatterproof. Mirror coated shields for daytime use only. No aggressive cleaning products to be used. Clean outside face with mild soap and water only and rinse thoroughly. Try any cleaning product on a small area of the shield near the pivot screws to make sure it doesn't damage the mirror coating. Keep inside face dry. Use microfiber blue case to clean the shield.
